Dear Hiring Manager,

I am writing to express my interest in the Frontend Developer Intern position at your company. I am currently pursuing my degree and have developed a strong foundation in HTML, CSS, and JavaScript, along with a keen interest in building responsive and user-friendly web interfaces.

During my learning journey, I have worked on several personal projects, including responsive websites and landing pages. These projects have helped me understand modern web design principles, improve my problem-solving skills, and gain practical experience in frontend development. I am also familiar with tools like Git and have a basic understanding of frameworks like React.

I am eager to apply my skills in a real-world environment, learn from experienced developers, and contribute to meaningful projects. I am a quick learner, detail-oriented, and passionate about creating clean and efficient user interfaces.

I would welcome the opportunity to contribute to your team and further develop my skills as a frontend developer.

Thank you for your time and consideration.

Sincerely,

Dheeraj Jangid
